

Fancy Dog Leash Pouch Stitch Counts

Carol A. Brown

Designs are available in .dst, .exp, .hus, .jef, .pes, .vip, .vp3, and .xxx formats. Please check your own hoop collection to determine which design sizes you can use. The pouches can be made with or without the lower zipper; see the instructions for details. Finished sizes are approximately 5 3/8" x 4 3/4" for the small pouches and 7" x 5" for the large pouches.

Fragments of the fill patterns are shown in the image at right, arranged in columns. When motifs are available in more than one size, the descriptions below tell how many repeats of the motif occur in each row of the design. The numbers refer to the *_small* and *_large* designs, respectively.

The design names listed below correspond to the designs displayed in my collection at AnnTheGran.com. The actual file names include the number of motif repeats and the hoop size in millimeters. For example, the small version of *DP_cathedral_windows_A* is named *DP_CW_4_150x240*. The *_line* designs are designated *_1* and the *_wave* designs *_2*.
