

# Crazy Patch and Cathedral Window Pouch Stitch Counts and Sizes

Carol A. Brown

## Formats:

Designs are available in .dst, .exp, .hus, .jef (except for 150x360 and 200x360 sizes), .pes (except for 150x360 and 200x360 sizes), .vip, .vp3, and .xxx. Please check your own hoop collection to determine which design sizes you can use.

The *o* in file names indicates there is an oval window in the design. The *m* indicates that the “fabric” in the design is monochromatic, that is, stitched in a single thread color. Cathedral window designs (*CWP*) also have monochromatic fabric.
