

Fancy Swirls Stitch Counts

Carol A. Brown

Designs are available in .dst, .exp, .hus, .jef, .pes, .vip, .vp3, and .xxx formats. Please check your own hoop collection to determine which design sizes you can use. The swirls are shown in the image at right, arranged in columns.

The chart at right gives two names for each of the designs in my Fancy Swirls collection at AnnTheGran.com. The upper name describes the number of repeats and colors, and the dimensions of the design. For example, the smallest version of *V_12_2-color* is named *V_12_2-color_95*. *Loop* and *split* designs have been rearranged so that the loops are more noticeable than the V shapes. The lower name for each design is displayed on the product pages at the website. If you mouse to a design, you will see the first design name at the bottom of your browser.

Only the 15-repeat designs are available for the 350 x 360 mm hoops offered by Viking and Pfaff. These designs can also be stitched one side at a time in the 200 x 360 mm hoops. The instructions provided with the designs shows how to align the two half designs that are provided. Stitch the *right* half of the design first.
