

# Mug Rug Outlines Stitch Counts

Carol A. Brown

These designs are available in .dst, .exp, .hus, .jef, .pes, .vip, .vp3, and .xxx formats. Please check your own hoop collection to determine which design sizes you can use.

The design names listed below correspond to the designs displayed in my collection at [www.AnnTheGran.com](http://www.AnnTheGran.com). The names include the appropriate hoop sizes.

These outline designs can be combined with *Fancy Swirls*, *Medallion Swirls*, lettering, and other designs. To add a mug rug outline to another embroidery design, open your own design in the hoop first. Make sure it is centered in the hoop. Add the *mug\_rug* design in the appropriate size, make sure it is also centered in the hoop, and then combine and save the design with a new file name. See the **Fancy Mug Rugs** instructions provided with your purchase for more information about arranging and stitching your mug rugs.
